

RN to BSN

Why choose

Photo by PPCC student Sondra Glovan

A BACHELOR OF SCIENCE IN NURSING

at PPCC?

The RN to BSN program offers an on-line completion program to licensed registered nurses seeking to obtain their bachelor's degree.

Students will examine the role of nursing that embraces excellence, caring, legal and ethical practice, civility and lifelong learning.

You will critique nursing research and learn to disseminate best practice guidelines in the clinical setting. Your scope of practice will expand beyond individual patient care to the nurse's role in health promotion, prevention and overall community wellness. You will develop clinical reasoning and leadership skills beyond the scope of the ADN level and be prepared for career advancement.
