Picture *You*rself *Living Here*

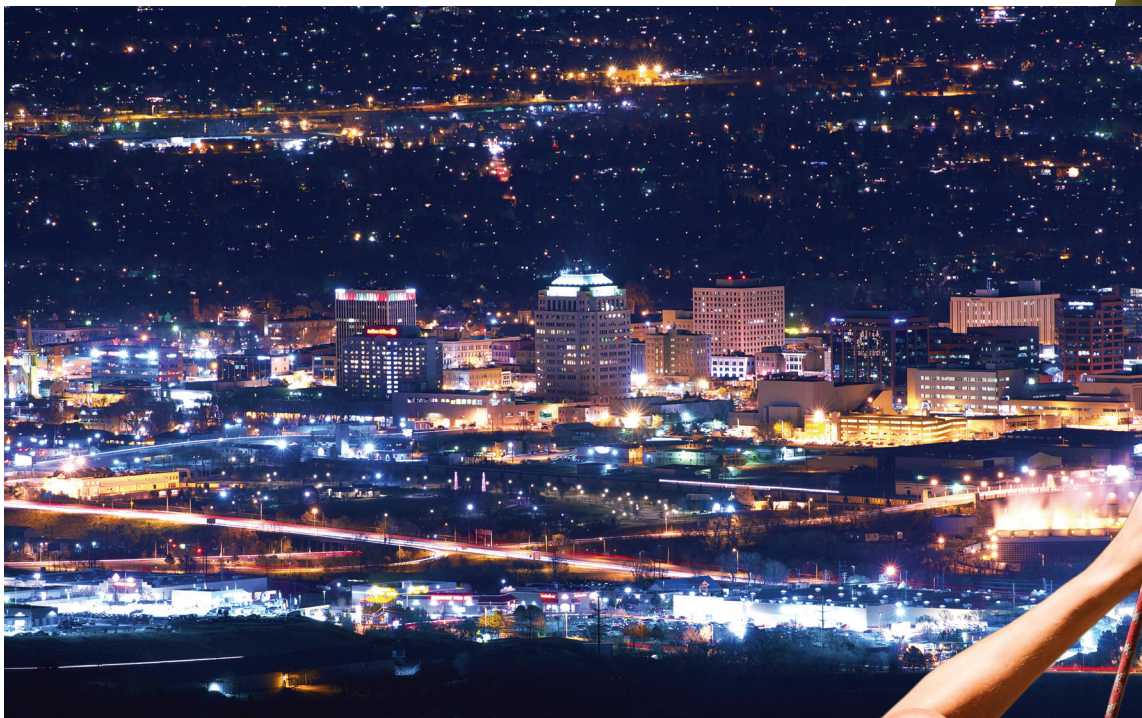

It's About *Quality of Life*

Colorado Springs takes the active outdoor lifestyle to new heights, with amazing recreational opportunities, clean air and 300 days of sunshine. It's also a growing city, with a vibrant downtown, award-winning Food Network chefs and acclaimed cultural attractions.

More About *Colorado Springs*

Colorado Springs consistently ranks as **one of the best places to live**, raise a family, own dogs and work. Recent rankings include:

- **No. 1 | Most desirable place to live**
U.S. News and World Report (2018 and 2019)
- **No. 1 | Fastest-growing city for millennials** *Brookings Institute (2018)*
- **No. 6 | Dog friendliest cities**
dogtime.com (2019)
- Dubbed Olympic City USA, the Springs is home to the U.S. Olympic Training Center, U.S. Olympic Committee and the new U.S. Olympic and Paralympic Museum (opening in 2020)
- Home to the National Cybersecurity Center

Picture Yourself Making a Difference

It's About Making a Difference

Pikes Peak is fiercely dedicated to student success, with small class sizes, service learning, innovative teaching approaches and unprecedented wrap-around support. That focus has taken the college to the highest retention rate in the Colorado Community College System.

It's About Education—For You

You'll find endless opportunities for continuing education and professional growth at PPCC. Our Center for Excellence in Teaching and Learning (CETL) provides leadership, support and advocacy to keep you on the edge of your field and learn the latest data-driven educational advancements. The college also offers a Tuition Assistance Program to all employees and their families.

“Teaching at Pikes Peak Community College is a privilege. Every day in the classroom is a new challenge. Seeing our students succeed and thrive here and then at four-year colleges and universities is immensely rewarding.”

Wayne Artis | Professor of History

More About *the College*

- The College's retention rate has gone from the lowest in the CCCS system to the highest.
- Graduation rates have broken records six out of seven years.
- PPCC has become a leader in adopting High-Impact Practices, with more service learning, global studies as well as hands-on and collaborative learning than most community colleges.
- PPCC has formed an unprecedented collaboration with the other higher education institutions in the region. The Quad Innovation Partnership has students from each institution solving real-world problems, and is working to keep our best and brightest from leaving the city.

Picture Yourself
Celebrating Diversity

It's About a Dedication to Diversity

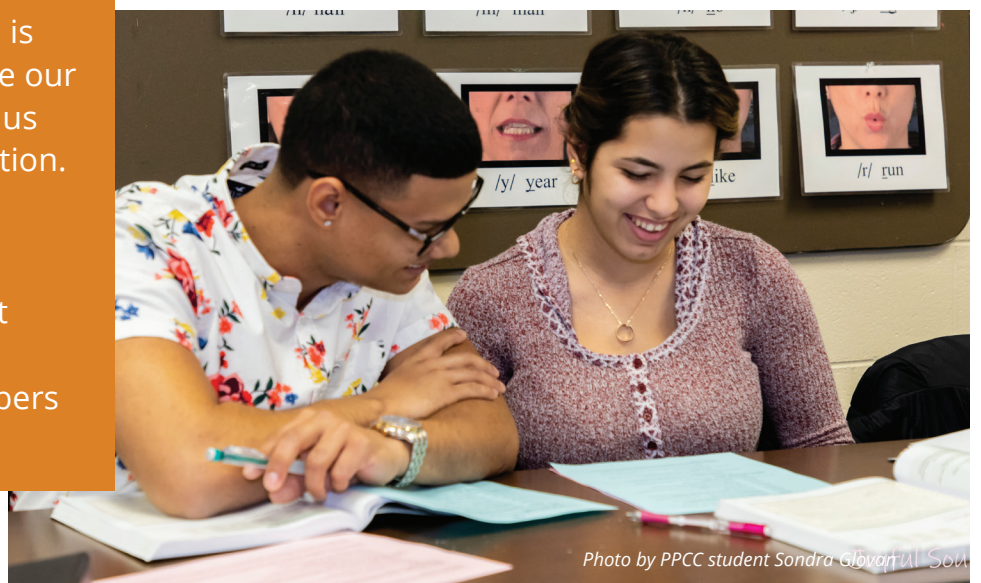

At Pikes Peak, developing a culture of inclusion is much more than a catchphrase. It's an obsession. That's why *INSIGHT Into Diversity* has honored PPCC with its Higher Education Excellence in Diversity (HEED) Award two years running.

- Our student body is the largest and most diverse in the region. We have every age, race and ethnicity and our classrooms serve more veterans than any college in Colorado. *Military Times* consistently rates PPCC Best for Vets.
- Our Chief Diversity Officer is at the executive level, reporting directly to the president.
- Our United Men of Color Initiative is working to close equity gaps, while our Latinx Initiative is poised to make us an official Hispanic Serving Institution.
- Our community partners are awesome: The Rocky Mountain Women's Film Institute, Inside Out Youth Services and the Colorado Springs Black and Hispanic Chambers of Commerce.

"Most of the people who work here, they don't leave here. They retire from here. That says a lot about the school itself. It's fantastic."

Dr. Regina Lewis | PPCC Communications Chair
