Career Outlook:

The Advanced Paramedic Practitioner Bachelors of Applied Science (BAS) is designed to prepare currently certified paramedics for critical care and community paramedicine. The training offered in this degree will fill the void of current psychiatric education in Emergency Medical System to meet the need to address mental health in emergency situations.

- Advanced Paramedic Practitioner, BAS

**Average Salary is calculated based on combination of all relevant occupations tied to the career, using the 50th percentile of workers (50% of employees make this salary or less). This data is updated regularly by Lightcast®.*
