

Medical Office Technology

Health Sciences

Average Salary: \$60,103*

Do you want to support the
health care industry in an
administrative role?

Pikes Peak State offers two certificates in
Medical Office Technology that are crucial
to the medical field.

Learn More

Program Options:

In this program you can earn two certificates that can launch you into the administrative side of healthcare. The Medical Office Administration Certificate is designed to prepare individuals to work as receptionists in the healthcare industry. The Medical Coding Specialist Certificate is designed to train students to code and bill physician services in ambulatory care settings. This program prepares the student to take a national accrediting exam. Classes from each of these certificates may be applied to the Medical Assistant Associate of Applied Science.

- Medical Office Administration Certificate
- Medical Coding Specialist Certificate

*Average Salary is calculated based on combination of all relevant occupations tied to the career, using the 50th percentile of workers (50% of employees make this salary or less). This data is updated regularly by Lightcast®.
