

## Phlebotomy

*Health Sciences*

*Projected Growth: 25%\**

Are you looking for a high demand career with excellent job placement?

Study phlebotomy at Pikes Peak State to launch a successful career in the rapidly-growing healthcare industry.

*Learn More*

### Program Options:

You'll learn how to draw blood, perform urinalysis, and conduct point-of-care tests for conditions like diabetes, influenza, and strep. Our program offers hands-on learning and classroom instruction at our state-of-the-art Center for Healthcare Education and Simulation (CHES). Upon successful completion of the required courses, you will qualify to take the National Registry Board Exam for Registered Phlebotomy Technician (RPT).

- Phlebotomy Certificate

*\*Projected Growth is calculated based on a combination of government-published sources at the national, state, and regional levels and a combination of the short-, mid-, and long-term trend lines. Data updated regularly by Lightcast®.*
