

Environmental Science & Sustainability Studies

Science, Engineering and Math

Average Salary: \$74,682*

Do you want to protect and preserve our greatest resource?

At Pikes Peak State, we have two programs to prepare you for diverse environmental careers and smooth transfer to a four-year institution.

Learn More

Program Options:

This interdisciplinary program offers you the option to pursue an Associate of Science (AS) in Environmental Science or an Associate of Arts (AA) in Sustainability Studies. Whichever path you choose, you'll benefit from expert faculty, real-life learning and small class sizes to support your success.

- Environmental Science, AS
- Environmental Sustainability Studies, AA

Career Outlook:

You'll work closely with your academic advisor and transfer institution to personalize your studies to help ensure you are on track toward your goals. Program graduates are prepared for entry-level jobs, and with more advanced education, careers like

- Sustainability Specialists
- Environmental Planners
- Industrial Ecologists

Transferability:

Pikes Peak State College is the most affordable place in the region to gain an education that will empower your future. Save thousands of dollars in tuition by starting at PPSC and transferring to UCCS, CSU, or another one of our university partners.
