

Pikes Peak State College Colorado Springs, Colorado AEMT Program

Greetings!

This application is for applicants interested in applying for the AEMT cohort.

Annually:

The application process for the AEMT cohort opens each January. Students are encouraged to start the process early. Classes meet on Mondays, Tuesdays, Wednesdays, and Thursdays from 0900 until 1500. Classes will include both lecture and laboratory time. Students must also complete clinical during the semester on non-class days. After completing the didactic portion of this course, you will complete the internship the following semester. This is a demanding schedule, and students should be aware of it in advance to make arrangements.

You will also need to be enrolled in the IV course EMS 1132 and the basic ECG course HPR 1050.

Thank you,

Ben Roberts and Christine Sines

The following information will guide the prospective AEMT student on how to apply for admission to the Pikes Peak State College AEMT program.
