

Bachelor of Applied Science Emergency Service Administration

Why Emergency Service Administration?

Whether responding to a terrorist event, a natural disaster or a public-health emergency, competent leadership and skilled emergency administration expertise is critical to ensuring the preservation of life and property. PPSC's first bachelor's degree will equip you to become more skilled and competent emergency response leaders.

Why Get Your BAS at PPSC?

- HLC accredited program
- Advisory committee of local ESA experts
- Faculty classroom and subject matter experts
- Relevant, quality curriculum
- Save on average 59% on tuition and fees compared to nearby universities
- Focused military connection and service
- Flexible online classes

ESA Enrollment Eligibility Requirements

Prior to entering the BAS ESA program, students must have completed an associate degree with a minimum of 60 credit hours in a field-related degree **or** a different associate degree combined with showing evidence of a minimum of 4,000 hours of field –related experience.

Diversity in the BAS ESA

Inclusion and equity result in diversity. All are invited. We serve and build resilience in local, state, and federal governments, military, public sectors, private sectors, nonprofits, and as volunteers. Diversity in the field promotes trust within communities. Join us today.

How to Enroll:

- Contact PPSC Advising & Testing at 719-502-3232 or email ESA@pikespeak.edu to schedule an appointment with an ESA Advisor for initial review of your eligibility and to map your ESA degree plan.
- Then contact the Director of ESA at 719-502-3317 or 719-216-5411 or email Teresa.Ward@pikespeak.edu

Career Field Opportunities

ESA students serving in non-profit, private industry or public service areas will be more prepared for future advancement into mid and senior-level administrative positions.

Students entering into the ESA field from college will be more prepared to start rewarding careers in Emergency Services.

Faculty

Our faculty come with extensive classroom and emergency management field experience, linked to careers such as:
*Emergency Management | Military | Interagency Coordination
| Criminal Justice | Fire Science | Medical Emergency Services
| Public Administration | Homeland Defense & Security*

And managing Disaster Preparedness, Mitigation, and Recovery in events such as: *9/11 | Hurricane Katrina | The Waldo Canyon and Black Forest Fires | Local and Regional Floods | Emergency Rescue

Employment Disclosure Statement

Students enrolling in PPSC's BAS ESA acknowledge that completion of this degree will not guarantee employment. Many associated agencies impose requirements other than education for employment. These requirements may be related to age, physical condition, height, weight, vision, successful completion and passing of a background check, screening for psychological and personality traits, pre-employment polygraph tests, and more, each of which could impact employment. Students assume all responsibility for meeting employment requirements.
