		<b>Year 2 Total</b>	<b>24.5</b>
<b>4 Semester Total</b>			<b>56.5</b>

\*All BIO classes must have been taken within 7 years of admission.

\*\*May be taken before first semester of NUR courses.

\*\*\*Elective: Arts & Humanities or Social & Behavioral Sciences

Students accepted into the nursing program must maintain a “C” or better in each required course (nursing and non-nursing). MAT 103/1120 must be completed by the end of the first bi-semester, BIO 202/2102 must be completed by the end of the 1st semester, and BIO 216/2116 must be completed by the end of the 2nd semester. If BIO 216/2116 is not completed or successfully passed by the end of the 2nd semester of the nursing program the student will not be allowed to progress to NUR 206/2006, NUR 211/2011, or NUR 212/2012. Failure to complete either of those courses successfully and/or within the allotted semester will result in the student not progressing with their cohort and being held out for the following semester, with the exclusion of the summer semester. These courses must be successfully completed as listed in the Associate Degree nursing curriculum in order to progress in the nursing program.
